# What To Do In An Auto Accident

Dear Friend:

If you are in an accident, what you say and do can affect how much you recover. Please keep this guide in your car and follow these steps if you are in an accident.

- Call 911 to get help for anyone hurt.
- Gather the information listed on the opposite page.
- Witnesses are crucial - get information about them.
- Do not discuss the accident with anyone, except to answer questions asked by the police officers.
- Do not take any blame for the accident.
- Call us for free consultation. We will explain your rights and duties, and fight to attain the maximum recovery for you. Call immediately, as the time right after the accident can be vital to your claim.
